

Session 2: Serve

- 1) What stood out to you from the session?
- 2) Read Romans 12:6–8. What opportunities have you had, or would you like to have, to use your gifts to serve God?
- 3) Work is creation, collaboration, and cultivation – whatever our daily occupation, paid or not.
 - a. How have you created?
 - b. How have you collaborated (with God or others)?
 - c. How have you cultivated?
- 4) Think of some practical ways we can honor those who work around us – especially those whose work is often considered routine or “low grade.”

Pray: Part of having a renewed mind is being able to use the gifts God has given us to serve others. Pray for God to help you understand, develop, and use the gifts He has given you. Give thanks for the ability to serve and pray that all you do would bring glory to God.
